BILL

1 and duties, state agency and authority composition and operations,
2 administrative rule-making process, federal government waivers and
3 approvals, unemployment insurance work search and registration
4 requirements, and making an appropriation.

Analysis by the Legislative Reference Bureau**1.**

Generally, under current law, an agency planning to promulgate an administrative rule, including an emergency rule, must first prepare a statement of the scope of the proposed rule (scope statement). A scope statement must be submitted to the Department of Administration for a determination as to whether the agency has the explicit authority to promulgate the rule as proposed in the scope statement. DOA must then report the statement and its determination to the governor who, in his or her discretion, may approve or reject the scope statement. Also under current law, after a proposed administrative rule, including an emergency rule, is in final draft form, the agency promulgating the proposed rule must submit the proposed rule to the governor, who may approve or reject the proposed rule. No agency may promulgate an administrative rule without the written approval of the governor.

In *Coyne v. Walker*, 2016 WI 38, the Wisconsin Supreme Court held that provisions requiring gubernatorial approval of scope statements and rules are unconstitutional as applied to the superintendent of public instruction.

Consistent with the result in *Coyne*, this bill exempts rules promulgated by the Department of Public Instruction from the requirements that a) a scope statement be submitted to DOA for a determination of authority and that the scope statement be approved by the governor and b) a proposed rule in final draft form be submitted to the governor and that the governor approve the rule in writing.

2.

This bill requires a state agency to provide a statutory or administrative rule citation for any statement or interpretation of law that the agency provides in its informational materials.

3.

This bill allows the legislature to request an independent retrospective economic impact analysis (EIA) for a rule.

Under current law, either cochairperson of the Joint Committee for Review of Administrative Rules may request an independent EIA for a proposed rule after an agency submits its EIA for that proposed rule. Such a request by the senate cochairperson of JCRAR requires approval by the Committee on Senate Organization, and a request by the assembly cochairperson requires approval by the Committee on Assembly Organization. Current law requires the requester to enter into a contract to perform the independent EIA, and requires the analysis to be

BILL

completed within 60 days after entering into the contract. Under current law, an independent EIA is paid for by the agency if the independent EIA's cost estimate for the proposed rule varies by 15 percent or more from the agency's EIA, and is paid for by the legislature if the independent EIA's cost estimate for the proposed rule varies by less than 15 percent from the agency's EIA.

Also under current law, either cochairperson of JCRAR may request an agency to conduct a retrospective EIA for existing rules, which must contain certain information and analysis about the economic impact of the agency's existing rules. This bill allows either cochairperson of JCRAR to request an independent retrospective EIA for a rule within 90 days after an agency submits a retrospective EIA for the rule. The bill specifies that a request for an independent retrospective EIA for a rule follows the same procedure and payment method as a request for an independent EIA for a proposed rule.

4.

This bill allows pass-through entities to elect to be taxed at the entity level for purposes of the state's income and franchise taxes.

Under current law, pass-through entities, such as tax-option corporations and partnerships, are generally not subject to the income or franchise tax at the entity level. Rather, any item of income, loss, or deduction flows through to their shareholders, partners, or members, who are then subject to tax.

The bill allows tax-option corporations and partnerships, including limited liability companies and other entities that are treated as partnerships under federal tax law, to elect to be taxed at the entity level for purposes of the income and franchise taxes. An entity that makes the election is taxed at a rate of 7.9 percent on its net income that is reportable to Wisconsin, and the situs of income is determined as if the election was not made. The entity may not claim losses and tax credits except for the credit for taxes paid to other states. The bill also provides that the adjusted basis of the entity's partners, shareholders, or members is determined as if the election was not made. If the entity fails to pay the taxes due, the Department of Revenue may collect the amount from the entity's partners, shareholders, or members. Persons who hold more than 50 percent ownership of the pass-through entity must consent to the election and must consent to any revocation of the election. The bill allows the election to be made for taxable years beginning in 2018 for tax-option corporations and 2019 for other entities.

5.

This bill requires the Department of Veterans Affairs to submit to the Joint Committee on Finance a notification of any transfers of funds from the unencumbered balance of certain appropriations for veterans homes to the veterans trust fund or the veterans mortgage loan repayment fund. Current law allows those transfers to be made without any notification.

6.

Under current law, no later than September 15 of each even-numbered year, each executive state agency must file with DOA the agency's budget request for the succeeding biennium. This bill requires each agency to include with its biennial

BILL

budget request a report that lists each fee the agency is authorized to charge. The report must also include the following:

1. The amount of each fee or the method of calculating the fee if there is no fixed amount.
2. An identification of the agency's statutory authority to charge each fee.
3. A statement whether or not the agency currently charges the fee.
4. A description of whether and how each fee has changed over time.
5. Any recommendation the agency has concerning each fee.

The bill defines "fee" as any amount of money other than a tax that an agency charges a person other than a governmental entity.

7.

Under current law, the Department of Transportation may make transfers of state and federal funding between highway programs. This bill eliminates this authority.

8.

This bill increases the size of the Group Insurance Board by four members. The new members are appointed, respectively, by the speaker of the assembly, the assembly minority leader, the senate majority leader, and the senate minority leader. The bill also provides that the six members appointed by the governor for two-year terms are subject to senate confirmation.

9.

This bill requires the Building Commission to establish an amortization schedule for each short-term, general obligation debt authorized by the commission. The amortization schedule must provide that a portion of the principal amount of the debt is retired annually over the life of the improvement or asset to which the debt is related. An amortization schedule established as required under the bill may not be modified except as authorized by JCF under passive review.

10.

Under current law, the Department of Children and Families is directed to allocate in each fiscal year specific amounts of money, including federal moneys received under the Temporary Assistance for Needy Families (TANF) block grant program, for various public assistance programs (commonly known as the TANF schedule). Under current law, DCF may reallocate funds that are allocated for one purpose in the TANF schedule for any other purpose in the TANF schedule if the secretary of administration approves the reallocation. Also under current law, if the TANF moneys received from the federal government are less than the amounts appropriated for the purposes under the TANF schedule, DCF is required to create a plan for reducing the amounts of moneys allocated under the TANF schedule and to carry it out if the secretary of administration approves the plan. This bill replaces the authority of the secretary to approve a reallocation or a plan to reduce the moneys allocated under the TANF schedule with passive review by JCF.

11.

This bill separates a single appropriation to the Department of Workforce Development for various workforce training programs, commonly referred to as the

BILL

Fast Forward program, into a separate appropriation for each program. The bill appropriates the following amounts for each of the following programs for fiscal year 2018-19:

1. Career and technical education incentive grants — \$3,500,000
2. Technical education equipment grants — \$500,000
3. Teacher development program grants — \$0
4. Apprenticeship programs — \$225,000
5. Local youth apprenticeship grants — \$2,233,700
6. Employment transit assistance grants — \$464,800
7. Youth summer jobs programs in 1st class cities (currently only the city of Milwaukee) — \$422,400

Under the bill, DWD may request that JCF transfer moneys from the Fast Forward appropriation account to the appropriation accounts for the teacher development program grants and local youth apprenticeship grants to fund those grant programs.

The bill also converts the Fast Forward appropriation from a continuing appropriation to an annual appropriation.

12.

Under current law, DOA contracts with a vendor to provide web-based technology services through a web portal to state agencies, state authorities, units of the federal government, local governmental units, tribal schools, individuals, and entities in the private sector. Revenue received from the fees charged for certain services provided through the self-funded web portal is disbursed as payment to the vendor.

This bill requires DOA to submit to JCF and the legislature by October 1 of each year a report on the administration of the self-funded portal. The report must include the following information: 1) a financial statement of state revenues and expenditures; 2) a list of services available; 3) fees charged for each service; 4) the activity level of each service; and 5) any other information that DOA determines is appropriate to include.

13.

This bill eliminates the power of the attorney general to appoint a solicitor general and up to three deputy solicitors general, each of whom must be licensed to practice law in this state. The effect of the bill is to eliminate the Office of the Solicitor General in the Department of Justice, which represents the state in certain cases on appeal in state and federal courts.

14.

Under current law, the board of directors of the Wisconsin Economic Development Corporation consists of 12 voting members as follows:

1. Six members are appointed by the governor subject to senate confirmation, to serve at the pleasure of the governor.
2. Three members are appointed by the speaker of the assembly, consisting of one majority and one minority party representative to the assembly and one person employed in the private sector, all of whom serve at the speaker's pleasure.

BILL

3. Three members are appointed by the senate majority leader, consisting of one majority and one minority party senator and one person employed in the private sector, all of whom serve at the majority leader's pleasure.

Under this bill, the board consists of 18 members. The speaker of the assembly and the senate majority leader each appoint five members to the board, and the appointees need not be members of the legislature nor employed in the private sector. Also, under the bill, the minority leader of each house appoints one member to the board. The membership appointed by the governor remains unchanged.

The bill further provides that the chief executive officer of WEDC is appointed by the board of directors of WEDC and serves at the pleasure of the board. Currently, the governor appoints the CEO.

15.

This bill requires the presidential preference primary to be held on the second Tuesday in March rather than the first Tuesday in April.

16.

Under current law, a qualified elector may apply for an absentee ballot in-person no earlier than the third Monday preceding the election and no later than the Friday preceding the election. Under this bill, a qualified elector may apply for an absentee ballot in-person no earlier than the third Saturday preceding the election and no later than the Friday preceding the election.

17.

This bill requires a party that alleges that a statute is unconstitutional, or in violation of or preempted by federal law, to serve the speaker of the assembly, the president of the senate, and the senate majority leader with a copy of the proceeding. The bill also requires that, in such cases, the assembly, the senate, and the Joint Committee on Legislative Organization (JCLO) are entitled to be heard, representing the legislature and the state.

Under current law, if a statute, ordinance, or franchise is alleged to be unconstitutional, the attorney general must be served with a copy of the proceeding and be entitled to be heard. This requirement exists in the statutes for declaratory judgment acts under s. 806.04 (11). The Wisconsin Supreme Court has also extended the requirement to other types of actions involving claims that a statute is unconstitutional. *See Kurtz v. City of Waukesha*, 91 Wis. 2d 103, 280 N.W.2d 757 (1979). This bill incorporates the *Kurtz* rule into the statutes and extends both the current statutory and *Kurtz* requirements of service and an opportunity to be heard to the legislature when a statute is alleged to be unconstitutional or in violation of or preempted by federal law.

The bill also provides that when a party challenges the constitutionality of a statute, facially or as applied, or challenges a statute as violating or preempted by federal law, as part of a claim or affirmative defense, the assembly, the senate, and JCLO have the right at any time to intervene and participate in the action and may also retain legal counsel other than DOJ. Under the bill, the Committee on Assembly Organization may intervene in the action, as well as obtain legal counsel, on behalf of the assembly; the Committee on Senate Organization may intervene in the action, as well as obtain legal counsel, on behalf of the senate; and JCLO may intervene in

BILL

the action, as well as obtain legal counsel, on behalf of the state. If JCLO determines that the interests of the state will be best represented by special counsel appointed by the legislature, JCLO must appoint special counsel to represent the state defendants and act instead of the attorney general. In these circumstances, special counsel has the powers of the attorney general with respect to the litigation to which special counsel has been appointed.

Under current law, DOJ deposits settlement funds that are not committed under the terms of the settlement into a DOJ appropriation and may spend the funds only after submitting a plan for the expenditure to JCF for passive review. If JCF does not schedule a meeting to review the proposed plan within 14 days, DOJ may expend the funds as provided in the plan. This bill requires that DOJ must deposit all settlement funds into the general fund. This bill also lapses all unencumbered settlement funds that are currently in the DOJ appropriation into the general fund.

Current law allows the attorney general to compromise or discontinue an action DOJ is prosecuting if the governor approves the compromise or discontinuance. This bill requires JCF to approve the compromise or discontinuance instead of the governor. Current law allows the attorney general to settle and compromise actions in which the attorney general is appearing for and defending the state as the attorney general determines to be in the best interest of the state. This bill requires that, if the action is for injunctive relief or there is a proposed consent decree, the attorney general must submit the settlement or compromise plan to JCF for passive review. If JCF does not schedule a meeting to review the plan within 14 days, the attorney general may proceed, but, if JCF does schedule a meeting, the attorney general may proceed only with the approval of JCF.

The bill further provides that the attorney general may not submit a proposed settlement plan to JCF in which the plan concedes the unconstitutionality or other invalidity of a statute without the approval of JCLO.

18.

Under current law, as the final step of the administrative rule process, an agency must file a certified copy of a rule with the Legislative Reference Bureau for publication. Filing a certified copy of a rule with the LRB creates a number of presumptions, including that the rule was duly promulgated by the agency and that all of the required rule-making procedures were complied with.

This bill eliminates the statutory presumptions that a rule was “duly” promulgated by the agency and that all of the required rule-making procedures were complied with.

19.

Under current law, DOR must determine the amount of additional revenue collected from the state sales and use tax as a result of any federal law that expands the state’s authority to collect sales and use taxes from out-of-state retailers. After DOR makes that determination, it must then determine how much the individual income tax rates may be reduced in the following taxable year in order to decrease individual income tax revenue by the amount of additional sales and use tax revenue. Finally, DOR must certify its determinations to the secretary of administration, to the governor, and to the legislature and specify that the new individual income tax

BILL

rates will take effect in the following year. No further legislation is required to make this change.

The U.S. Supreme Court recently upheld a South Dakota law that required the collection of state sales and use taxes from any out-of-state seller that either conducts 200 or more transactions annually with consumers in the state or has annual sales in the state exceeding \$100,000. See, *South Dakota v. Wayfair, Inc.*, 585 U.S. ____ (2018). The *Wayfair* decision overturned longstanding precedent that prevented a state from collecting sales and use tax from out-of-state sellers that did not have a physical presence in the state. See, *Quill Corp. v. North Dakota*, 504 U.S. 298 (1992).

This bill clarifies that the recent U.S. Supreme Court decision that expands a state's authority to collect sales and use taxes from out-of-state retailers triggers the determinations mentioned above. The bill also provides that the new individual income tax rates based on the determinations would not take effect automatically in the year following DOR's certification, but, instead, DOA, in consultation with DOR, would determine the new tax rates to take effect for the taxable year ending on December 31, 2019, and report its determinations to the governor, JCF, and the Legislative Audit Bureau. LAB would then review the determinations and report its findings to JCF and the Joint Legislative Audit Committee. If LAB's review results in a re-determination of the rates, JCF would determine which rates apply to the taxable year ending on December 31, 2019, and report its determination to the governor, the secretary of administration, and the secretary of revenue. Finally, the bill includes in the definition of a "retailer engaged in business in this state" any retailer that has annual gross sales into this state in excess of \$100,000 or an annual number of separate sales transactions into this state of 200 or more.

20.

Current law requires DOA, at the direction of JCLO, to lease or acquire office space for legislative offices or legislative service agencies. This bill requires instead that the cochairpersons of JCLO lease or acquire office space for legislative offices or legislative services agencies.

21.

Currently, representatives to the assembly and senators, as well as legislative employees, may receive legal representation from DOJ in most legal proceedings. Assembly and senate policies and practices also allow legislators and legislative employees to retain outside legal counsel in some instances.

With respect to the assembly, the bill provides that the speaker of the assembly may authorize a representative to the assembly or assembly employee who requires legal representation to obtain outside legal counsel if the acts or allegations underlying the action are arguably within the scope of the representative's or employee's duties. The speaker may also obtain outside legal counsel in any action in which the assembly is a party or in which the interests of the assembly are affected, as determined by the speaker.

With respect to the senate, the bill provides that the senate majority leader may authorize a senator or senate employee who requires legal representation to obtain outside legal counsel if the acts or allegations underlying the action are arguably

BILL

within the scope of the senator's or employee's duties. The majority leader may also obtain outside legal counsel in any action in which the senate is a party or in which the interests of the senate are affected, as determined by the majority leader.

Finally, the bill provides that the cochairpersons of JCLO may authorize a legislative service agency employee who requires legal representation to obtain outside legal counsel if the acts or allegations underlying the action are arguably within the scope of the employee's duties. The cochairpersons may also obtain outside legal counsel in any action in which the legislature is a party or in which the interests of the legislature are affected, as determined by the cochairpersons.

22.

Under current law, a state agency must prepare a fiscal estimate for each proposed rule, which must describe the fiscal effect of the proposed rule on local governmental fiscal liabilities and revenues, the fiscal effect of the proposed rule on state government, and, for rules that the agency determines may have a significant fiscal effect on the private sector, the anticipated costs that will be incurred by the private sector in complying with the rule. Also under current law, the agency must prepare an economic impact analysis for a proposed rule, which must contain certain specified information on the economic effect of the proposed rule on specific businesses, business sectors, public utility ratepayers, local governmental units, and the state's economy as a whole, as well as certain other information regarding the economic impact of the proposed rule.

This bill specifically requires an economic impact analysis for a proposed rule to be prepared and submitted separately from the fiscal estimate for the proposed rule.

23.

This bill provides that a plan submitted by an agency to the federal government for the purpose of complying with federal law (compliance plan) does not confer rule-making authority and cannot be used by an agency as authority to promulgate rules. The bill provides that no agency may agree to promulgate a rule as a component of a compliance plan unless the agency has explicit statutory authority to promulgate the rule at the time the compliance plan is submitted to the federal government.

24.

This bill requires the Department of Corrections to submit a report to the legislature upon request, and to post the report on its website, regarding individuals who, since the previous report or during a date range specified in the request, were pardoned or released from imprisonment before completing their sentences. The report must identify each individual by name, include the crime for which he or she was convicted, and provide the name of the person who pardoned the individual or authorized the early release. If an individual appears on a report requested under this bill and is subsequently convicted of a crime, this bill requires DOC to report also the name of that individual and the crime.

BILL**25.**

This bill requires all executive branch state agencies, other than the Board of Regents of the University of Wisconsin System, to submit a quarterly report to JCF listing all state agency expenditures for state operations in the preceding calendar quarter. The report must specifically detail all expenditures for administrative supplies and services that are made at the discretion of or to be used by heads of state agencies, secretaries, deputy secretaries, assistant deputy secretaries, and executive assistants. Under the bill, "state operations" means all agency expenditures except aids to individuals and organizations and local assistance.

26.

Under current law, administrative rules that are in effect may be temporarily suspended by JCRAR. If JCRAR suspends a rule, JCRAR must introduce bills in each house of the legislature to make the suspension permanent. If neither bill to support the suspension is ultimately enacted, the rule may remain in effect and JCRAR may not suspend the rule again.

This bill provides that JCRAR may suspend a rule multiple times.

27.

Under current law, an agency may, by rule or by an order in a particular case, specify that the decision of a hearing examiner who conducts a hearing in a contested case proceeding is the final decision of the agency. This bill prohibits an agency from delegating the authority to issue a final decision in a contested case to a hearing examiner. This bill also requires that all final decisions of an agency must be approved, signed, and dated by the secretary of the agency.

28.

The bill provides that any individual nominated by the governor or another state officer or agency, and with the advice and consent of the senate appointed, to any office or position may not hold the office or position, be nominated again for the office or position, or perform any duties of the office or position during the legislative session biennium if the individual's confirmation for the office or position is rejected by the senate. Currently, there is no prohibition against the governor or another state officer or agency nominating the individual again for the office or position or appointing the individual to the office or position as a provisional appointment.

29.

This bill requires that WEDC obtain approval from JCF under passive review before WEDC designates a new enterprise zone under the enterprise zone tax credit program. The bill also eliminates any restriction on the number of enterprise zones WEDC may designate. Currently, WEDC may not designate more than 30 enterprise zones.

30.

This bill provides that for Southeast Wisconsin freeway megaprojects, major highway development projects, and certain state highway rehabilitation projects for which DOT spends federal money, federal money must make up at least 70 percent of the aggregate funding for those projects. The bill provides that if DOT determines that it cannot meet this requirement or that it can make more effective and efficient

BILL

use of federal money, DOT may submit a proposed alternate funding plan to JCF for review under its passive review procedure.

The bill requires DOT to notify political subdivisions receiving aid for local projects whether the aid includes federal moneys and how those moneys must be spent. The bill provides that, for projects that receive no federal money and that are reviewed and approved by a professional engineer or the county highway commissioner, DOT may not require political subdivisions to comply with any portion of DOT's facilities development manual other than design standards.

31.

Under current law, an applicant for a driver's license or identification card must provide to DOT 1) an identification document that includes either the applicant's photograph or both the applicant's full legal name and date of birth; 2) documentation showing the applicant's date of birth, which may be the same as item 1; 3) proof of the applicant's social security number or verification that the applicant is not eligible for a social security number; 4) documentation showing the applicant's name and address of principal residence; and 5) documentary proof that the applicant is a U.S. citizen or is otherwise lawfully present in the United States.

In 2015 and 2017, DOT promulgated rules, the first establishing and the second modifying, a procedure by which persons requesting free identification cards for the purpose of voter identification could receive these cards despite being unable to provide required documentary proof. In general, the procedure requires an applicant to provide DOT with either 1) the applicant's full legal name, date of birth, place of birth, and any other birth record information requested by DOT; or 2) the applicant's alien or U.S. citizenship and immigration service number or U.S. citizenship certificate number. DOT then shares this information with the Department of Health Services or the federal government for the purpose of verifying the applicant's identity. In general, a person may receive a voter identification card under this procedure if either DHS or the federal government verifies the person's identity or if DOT receives acceptable alternate documentation. This bill incorporates this verification procedure into the statutes.

DOT's 2017 rule also provided a procedure by which an applicant for an identification card could obtain a card with a name other than the name that appears on the applicant's supporting documentation. The bill also incorporates this procedure into the statutes.

Under current law, an unexpired identification card issued by an accredited university or college in this state may be used as identification for voting purposes if it contains a photograph and the signature of the person to whom it was issued, it expires no later than two years after the date of issuance, and the person establishes that he or she is enrolled as a student at the university or college on election day. The Government Accountability Board (now the Elections Commission) promulgated a rule to clarify that an identification card issued by a technical college that is governed by this state's technical college system may be used for voting purposes. The bill codifies the rule.

BILL**32.**

Under current law, a claimant for unemployment insurance benefits is generally required to conduct searches for work each week to be eligible for unemployment benefits and to register for work. Current law provides that a claimant who is laid off is exempt from these requirements if the claimant reasonably expects to be reemployed by the former employer and DWD verifies that expectation. Administrative rules promulgated by DWD require DWD to grant a claimant a waiver of the work search and registration requirements for eight weeks if the claimant reasonably expects to be reemployed with the claimant's employer within that period and allow an additional four-week extension of that waiver. The rules also provide additional reasons a claimant may qualify for a waiver and require claimants for whom the requirements are not waived to provide verification of having complied with work search and registration requirements.

This bill eliminates DWD's authority to establish waivers from work search and registration requirements and codifies the current waivers contained in DWD's rules. However, the bill allows DWD to modify or eliminate a waiver, or to create additional waivers, if doing so is necessary to comply with federal law or is specifically allowed under federal law. The bill also codifies the requirement that a claimant provide verification of having complied with work search and registration requirements.

33.

This bill requires DOA to submit any proposed changes to security at the capitol, including the posting of a firearm restriction, to JCLO for approval under passive review.

34.

Under current law, the Department of Natural Resources administers the municipal flood control and riparian restoration program, which provides grants that pay a portion of the costs of facilities and structures for the collection and transmission of storm water, including the purchase of flowage and conservation easements on lands within floodways, and of floodproofing public and private structures located in the 100-year floodplain. Current law requires DNR to promulgate rules specifying eligibility criteria for projects and for determining which projects will receive financial assistance. However, under current law, during the 2017-19 fiscal biennium, DNR must consider an applicant to be eligible for such a grant if the project is funded or executed in whole or in part by the U.S. Army Corps of Engineers' small flood control projects program, and DNR must provide such an applicant with a cost-sharing grant not to exceed \$14,600,000. This bill extends this requirement to the 2019-21 biennium as well.

35.

This bill changes DOJ gifts and grants appropriations from continuing appropriations to annual appropriations.

36.

The bill a) requires committees appointed by agencies to provide advice with respect to rule making to submit a list of the members of the committee to JCRAR;

BILL

b) makes various changes with respect to the required content and preparation of statements of scope and EIAs for rules, including mandating minimum comment periods for EIAs for rules; c) prohibits an agency from submitting a statement of scope for a proposed rule to the LRB for publication in the register more than 30 days after the date of the governor's approval of the statement of scope without the approval of the governor; and d) codifies current practice by allowing an agency that intends to concurrently promulgate an emergency rule and a permanent rule that are identical in substance to submit one statement of scope indicating this intent.

37.

This bill modifies current law regarding the voting procedures for military and overseas electors so that the law is in substantial compliance with the federal Uniformed and Overseas Citizens Absentee Voting Act. The bill also modifies current law so that an individual signing the witness certification for an absentee ballot cast by a military elector or overseas elector need not be a United States citizen.

The bill allows all overseas electors to receive absentee ballots electronically, regardless of whether such electors are considered permanently or temporarily overseas. Under the bill, an overseas elector is a U.S. citizen who is residing outside of the United States, who is not disqualified from voting, who has attained or will attain the age of 18 by the date of an election at which the citizen proposes to vote, who was last domiciled in this state or whose parent was last domiciled in this state immediately prior to the parent's departure from the United States, and who is not registered to vote or voting in any other state, territory, or possession.

38.

This bill 1) prohibits a court from according deference to agency interpretations of law in certain proceedings and prohibits agencies from seeking deference in any proceeding to agency interpretations of law; 2) establishes various requirements with respect to the adoption and use of guidance documents by agencies, including requirements that agencies must comply with in order to adopt guidance documents; and 3) provides that settlement agreements do not confer rule-making authority.

Generally under current law, when reviewing an agency decision in a contested case or other matter subject to judicial review under the law governing administrative procedure for state agencies, a court must accord due weight to the experience, technical competence, and specialized knowledge of the agency involved, as well as discretionary authority conferred upon it. Consistent with the Wisconsin Supreme Court's decision in *Tetra Tech EC, Inc. v. Wis. Dep't of Revenue*, 2018 WI 75, the bill limits this directive such that a court performing judicial review of such a decision must accord no deference to an agency's interpretation of law.

The bill also provides that no agency may seek deference in any proceeding based on the agency's interpretation of any law.

Subject to various exceptions, the bill defines "guidance document" as any formal or official document or communication issued by an agency, including a manual, handbook, directive, or informational bulletin, that 1) explains the agency's implementation of a statute or rule enforced or administered by the agency, including the current or proposed operating procedure of the agency; or 2) provides guidance

BILL

or advice with respect to how the agency is likely to apply any statute or rule enforced or administered by the agency, if that guidance or advice is likely to apply to a class of persons similarly affected.

The bill requires each agency to submit each proposed guidance document to the Legislative Reference Bureau for publication in the register and to provide a period for persons to submit written comments to the agency on the proposed guidance document. The agency must retain all written comments submitted during the public comment period and consider those comments in determining whether to adopt the guidance document as originally proposed, modify the proposed guidance document, or take any other action. The bill allows for a comment period of less than 21 days with the approval of the governor. The bill also requires each adopted guidance document, while valid, to remain available on the agency's Internet site and requires the agency to permit continuing public comment on the guidance document. Each guidance document must be signed by the head of the agency below a statement containing certain certifications.

The bill provides that a guidance document does not have the force of law and does not provide the authority for implementing or enforcing a standard, requirement, or threshold, including as a term or condition of any license. An agency that proposes to rely on a guidance document to the detriment of a person in any proceeding must afford the person an adequate opportunity to contest the legality or wisdom of a position taken in the guidance document, and an agency may not use a guidance document to foreclose consideration of any issue raised in the guidance document. The bill also contains other provisions with respect to agency use of and reliance upon guidance documents, allows certain persons to petition an agency to promulgate a rule in place of a guidance document, and makes guidance documents subject to the same judicial review provisions as apply to rules.

The bill requires the Legislative Council staff to provide agencies with assistance in determining whether documents and communications are guidance documents as defined in the bill.

The bill provides that, as of six months after the bill's effective date, any guidance document that does not comply with the requirements in the bill is considered to be rescinded.

The bill provides that a settlement agreement, consent decree, or court order does not confer rule-making authority and cannot be used by an agency as authority to promulgate rules. The bill provides that no agency may agree to promulgate a rule as a term in any settlement agreement, consent decree, or stipulated order of a court unless the agency has explicit statutory authority to promulgate the rule at the time the settlement agreement, consent decree, or stipulated order of a court is executed.

39.

This bill generally provides for legislative oversight of requests for federal approval. The bill prohibits a state, executive branch agency from submitting a request to a federal agency for a waiver or renewal, modification, withdrawal, suspension, or termination of a waiver of federal law or rules or for authorization to implement a pilot program or demonstration project unless legislation has been enacted specifically directing the submission of the request. For any legislation

BILL

enacted on or after January 1, 2011, that requires submission of a request that has not yet been submitted, the bill requires the applicable state agency to submit an implementation plan to JCF containing an expected timeline with an expected submission date to the federal agency no later than 90 days after the state agency submits the implementation plan to JCF, for which JCF may grant up to three 90-day extensions under its passive review process, and submit its final proposed request to JCF for approval.

Once the request has been submitted to the federal agency, the bill requires the state agency to do all of the following: make biweekly contact with the federal agency to continue negotiations, submit monthly progress reports to JCF on negotiations with the federal agency including descriptions of any portions of the request that the federal agency stated will not be approved, make available on a quarterly basis a representative of the state agency for JCF briefings or hearings, and submit the proposed approval as negotiated with the federal agency to JCF for approval or disapproval before agreeing with the final federal approval. When the federal agency has approved the request in whole or in part and the request has not been fully implemented, the state agency must submit an implementation plan to JCF, submit its final implementation plan to JCF for approval, and make available on a quarterly basis a representative of the state agency for JCF briefings or hearings.

No later than nine months before the expiration of an approved waiver, pilot program, or demonstration project, the state agency must notify JCF of the expiration date and the state agency's intent regarding renewal. If the state agency intends to renew the waiver, program, or project without substantive changes to it, the state agency is not required to comply with all of the procedures specified in the bill for renewal and instead may submit the proposed renewal request for review by JCF under its passive review process.

The chairpersons of JCF may delegate some of the committee's responsibilities under the bill to a legislative standing committee of appropriate subject matter jurisdiction under terms specified by the chairpersons. If JCF determines that the state agency has not made sufficient progress or is not acting in accordance with the enacted legislation requiring the submission of the request, JCF may reduce from moneys allocated for state operations or administrative functions the agency's appropriation or expenditure authority or change the authorized level of full-time equivalent positions for the agency related to the program for which the request is required to be submitted.

40.

This bill requires by statute DHS to implement the BadgerCare Reform waiver as it relates to childless adults as approved by the federal Department of Health and Human Services effective October 31, 2018. The 2015-17 and 2017-19 biennial budget acts required DHS to submit a waiver request to the federal DHHS authorizing DHS to take certain actions including imposing premiums on, requiring a health risk assessment of, and time-limiting eligibility for recipients of BadgerCare Plus under the childless adults demonstration project waiver. Effective October 31, 2018, the federal DHHS approved the BadgerCare Reform waiver

BILL

amendment and extension with some modifications from the request. The bill incorporates certain provisions of the federal approval into the statutes.

Under the bill, DHS must require childless adults demonstration project recipients who are at least 19 years of age but have not attained the age of 50 to participate in, document, and report 80 hours per calendar month of community engagement activities, unless they are exempt or have a temporary exemption for good cause. Qualifying community engagement activities are specified in the bill and include working for money, goods, or services, or as a volunteer, and participating in a program such as the FoodShare employment and training program or Wisconsin Works. DHS must require a recipient, as a condition of eligibility, to complete a health risk assessment and, if the recipient's household income exceeds 50 percent of the federal poverty line, pay a monthly premium of \$8 per household with some limited exceptions. The household premium is reduced if a recipient reports on the health risk assessment that he or she is not engaging in certain behaviors that increase health risks or is actively managing certain unhealthy behaviors. DHS must disenroll a recipient for six months if the recipient does not pay the required premium or, if the recipient is not exempt, does not participate for 48 aggregate months in the community engagement activity.

DHS must charge recipients an \$8 copayment for nonemergency use of the emergency department and must comply with other requirements imposed by the federal DHHS in its waiver approval effective October 31, 2018. The requirements in the bill must end no sooner than December 31, 2023, and the bill prohibits withdrawal of the requirements and DHS from requesting withdrawal, suspension, or termination of the childless adults demonstration project requirements before that date unless the legislation has been enacted specifically allowing for withdrawal, suspension, or termination.

The bill requires DHS to implement the childless adults BadgerCare Reform waiver by no later than November 1, 2019. If DHS is unable to fully implement the project reforms by November 1, 2019, DHS may request from JCF an extension not to exceed 90 days in a written submission that includes a report on the progress toward implementation of the project and the reason an extension is needed, which JCF will review under its 14-day passive review process. Similar to other waiver implementation requirements, if JCF determines that DHS has not complied with the implementation deadline, has not made sufficient progress in implementing the BadgerCare Reform waiver, or has not complied other requirements under this bill relating to approved waiver implementation, JCF may reduce from moneys allocated for state operations or administrative functions DHS's appropriation or expenditure authority, whichever is applicable, or change the authorized level of full-time equivalent positions for DHS related to the Medical Assistance program.

41.

This bill incorporates the provisions of chapter DHS 38 of the Wisconsin Administrative Code into the statutes. 2015 Wisconsin Act 55, the biennial budget act for the 2015-16 legislative session, required DHS to promulgate rules to develop and implement a screening, testing, and treatment policy and then to screen and test for illegal use of a controlled substance and treat for substance abuse able-bodied

BILL

adults who seek to participate in the FoodShare program's employment and training program known as FSET. DHS promulgated chapter DHS 38, Wis. Adm. Code, regarding substance abuse screening, testing, and treatment for certain department employment and training programs. The bill incorporates the specifications and requirements of that DHS rule into the statutes, requires implementation of the screening, testing, and treatment by October 1, 2019, and requires DHS to follow requirements in this bill as if the screening, testing, and treatment is an approved waiver. In summary, the provisions of the rule and the bill require an agency that is administering FSET to require able-bodied adults who are subject to a work requirement to participate in FoodShare and who seek to participate in FSET to fulfill that work requirement to undergo screening for use of a controlled substance without a prescription, testing for use of a controlled substance in certain circumstances, and treatment, if applicable, for use of the controlled substance in order to be eligible to participate in FSET.

42.

2017 Wisconsin Act 138 required the commissioner of insurance to administer a state-based reinsurance program, the Wisconsin Healthcare Stability Plan (known as WIHSP), and allowed the commissioner to request a waiver under federal law to implement the plan. Under current law, WIHSP makes a reinsurance payment to a health insurance carrier if the claims for an individual who is enrolled in a health benefit plan with that carrier exceed a threshold amount in a benefit year. The federal DHHS approved the commissioner's waiver request under specific terms and conditions dated July 29, 2018. The bill requires the commissioner to administer WIHSP in accordance with those specific terms and conditions. The bill prohibits the commissioner from requesting modification, suspension, withdrawal, or termination of the waiver unless legislation has been enacted directing the modification, suspension, withdrawal, or termination. The bill requires the commissioner to complete and submit any reports, provide any information, and participate in any oversight activities required by the federal DHHS to implement and maintain WIHSP. The bill sets the payment parameters for WIHSP as specified by the federal approval for the 2019 benefit year and prohibits the commissioner from changing those payment parameters for the 2019 benefit year.

43.

This bill prohibits DHS from submitting an amendment to the state's Medical Assistance plan or implementing a change to the reimbursement rate for or making a supplemental payment to a provider under the Medical Assistance program without first submitting the proposed state plan amendment, rate change, or payment to JCF. If the state plan amendment, rate change, or payment has an expected fiscal effect of less than \$1,000,000 from all revenue sources over a 12-month period following the implementation date of the amendment, rate change, or payment, then the proposed state plan amendment, rate change, or payment is reviewed under JCF's 14-day, passive review process. If the expected fiscal effect is \$1,000,000 or more from all revenue sources over the 12-month period, DHS may submit the proposed state plan amendment, implement the rate change, or make the payment only upon approval by JCF. DHS is not required, however, to submit a

BILL

proposed rate change or supplemental payment to JCF under the bill if explicit expenditure authority or funding for the specific change or supplemental payment is included in enacted legislation.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
